SF STATE FINANCIAL OVERSIGHT REVIEW

PURPOSE

The purpose of financial oversight and monitoring is to exercise due diligence over University financial activities through planning and reporting. This includes budget development, ongoing financial monitoring, and compliance with the budget.

San Francisco State University must exercise clear and transparent due diligence in overseeing its financial activities and establishing reporting and monitoring requirements necessary to fulfill its fiduciary duties. In achieving the above expectations, the campus must review its budget plan performance, provide better-defined policy guidance to the administration, set expenditures parameters, define reporting requirements, and conform to the relevant guiding principle from ICSUAM 2002

SCOPE

Each year, S.F. State will conduct at least two comprehensive financial reviews during the fall, winter and/or spring to identify any problematic financial situations that have occurred or may be expected to occur before the end of the fiscal year. The objective of the financial review is twofold:

1. To perform a division-level analysis of current YTD actuals expenditures compared to prior YTD actuals and full-year revised projection compared to full-year revised budget.
2. To identify material concerns (Revenues: **under by 5% and \$5,000 less**, Expenses: **over-spending by 5% and \$5,000 more**, when comparing fiscal year Revised Projection to fiscal year Revised Budget), that may have a quantifiable impact on the current budget.

The scope of the reviews will include a comprehensive budget review for all revenue and expenditure activities for all funds, including General, Lottery, Capital, Self-Support, and Trust funds. In addition, the fall, winter, and spring financial reviews will include formal meetings

with senior management and business managers to review each unit's financial performance. While the primary focus of the two meetings varies, the feedback and discussions assist management in planning the budget for the upcoming fiscal year and forecasting for the next academic year.

FINANCIAL REVIEW PROCESS

OVERVIEW:

Each Cabinet must provide a detailed analysis for each Division (Finance Data Warehouse or FDW defines this as Level 4). A written report submitted to the Budget Administration and Operations office (BAO) addressing material items (Revenues: **under by 5% and \$5,000 less**, Expenses: **overspending by 5% and \$5,000 more**, when comparing fiscal year Revised Projection to fiscal year Revised budget) that will have an adverse effect on the current budget by fiscal year-end.

These reports completed by the Cabinet/Division will serve as an attachment to the comprehensive financial review report that the BAO will prepare for the CFO and President's review.

The comprehensive financial review will include:

- Review of financial position
- Operating budget surplus / deficit
- Future commitments
- Capital project review
- Deficit review
- Other issues

OBJECTIVE:

The primary objective of the financial review is to determine if the funds available for the remainder of the fiscal year are adequate to maintain planned service levels.

To achieve the objective as mentioned above, it is required for each Cabinet – down to the Department level to:

1. Current Year Projection Department Roster & Other Compensation:
 - a. Reconciliation of all single incumbent positions by assessing the FTE and salary base's accuracy and projecting the vacancies filled by June 30.
 - b. Reconciliation of all the salary budgeted at the G.L. account and their projection to June 30.
2. Financial Review Reports:
 - a. Verify revenues and expenses in the Financial Review Reports to the campus Data Warehouse Financial Reporting System, year to date (YTD)
 - b. Review and analyze YTD actuals compared to their YTD actuals prior year
 - c. Review and analyze, current fiscal year Current Year Projection (CYP) compared to the current fiscal year Revised budget and report any material variances defined as, Revenues: under by 5% and \$5,000 less, Expenses: over-spending by 5% and \$5,000 more when comparing fiscal year CYP to fiscal year Revised Budget.

REQUIRED BUDGET ELEMENTS:

The Financial Review Reports give you:

1. Revenues: Breakdown of current YTD revenues by program with actual comparative YTD for the prior fiscal year, current year Original Budget, and current year Revised budget; planners will be using the CYP OpEx and Revenue to input projected Revenue for the remainder of the year. PBCS CYP instruction manual will provide instructions on how to use the form.
2. Expenditures: YTD expenditures for each category with comparative YTD actual expenditures, current year Original Budget, and current year Revised budget. Planners will be using the CYP OpEx and Revenue to input projected expenses for the remainder of the year. PBCS CYP instruction manual will provide instructions on how to use the form.

3. Other Compensation: YTD expenditures for each account with comparative YTD actual expenditures, current year Original Budget, and current year Revised budget. It is an additional opportunity to plan the salary expenditures that are not categorized as single incumbent and are budgeted and planned at the GL account. Samples: The CYP Other Compensation pages will have forms available for pool positions and other salaries accounts such as overtime, shift differential, and more.

REPORTING REQUIREMENTS:

The following requirements are provided to assist you in completing the required financial analysis, and at a specific timeline, BOA will be locking your submission as the final report.

Financial Review Report

General Fund (NG001, NG025, NR101, SE001, SU001, SU002, SU003, & SU004); Indirect Cost (NR201), Cost Recovery (NR301); Self-Support and Trust Fund (Lottery, IRA.)

The Financial Report is used for Division level (defined as Level 4 for in FDW), Cabinet, General Fund, Indirect Cost, Cost Recovery, Miscellaneous General Fund, Self-Support and Trust Fund.

- Financial Review Report provides Revenues and Expenses for the fund grouping (See Fund Chart Index for definition) by subaccount category that applies to your Cabinet/Division/Self-Support/Trust Fund.
- The Division reports roll-up to the Total Cabinet Report.

Current Year Projection Department Roster:

Each unit will run and revise the CYP Department Roster form for all single incumbent positions, including funds.

- Vacancies will need to be reviewed and adjusted based on any H.R. actions are planned for the rest of the fiscal year.
- If correction must occur to actuals, please include adjustments to the future periods, and follow up with LCD adjustments, as necessary.

Certification of Financial Actions:

Each Cabinet is required to provide a memorandum (Certification of financial actions) commenting on the outcome of their financial review process and include comments on the financial conditions of each Division. Material variances must be explained and identified in the written report. Material variance is defined as Revenues: under by 5% and \$5,000 less, Expenses: overspending by 5% and \$5,000 more in General Fund, IDC, Cost Recovery, Self-Support, and Trust Funds, and 50% Misc, when comparing fiscal year Current Year Projection to fiscal year Revised budget. Additional items to note within the report include service level changes, growth issues, unmet needs, trend issues, new programs, reserves, or other factors that currently have or are expected to impact the budget.

Summary

When you are completed with your review and analysis, you will submit back to the BAO office:

- ✓ Financial Review Reports (General Fund, I.D.C., Cost Recovery, Misc. General Fund, Self-Support and Trust Fund)
- ✓ CYP Department Roster
- ✓ Certification of Financial Actions

Financial Review Report Column Definitions:

Col- umn	Description
a	Actual data for prior YTD - Please use the 'Financial Summary by Year' under the Financial Reporting in FDW to obtain this data. Instructions are in the following section.
b	Actual data for current YTD - Please use the 'Financial Summary by Year' under the Financial Reporting in FDW to obtain this data. Instructions are in the following section.
c	Change from Prior Year = Column b minus Column a or current YTD actuals minus prior year YTD actuals
d	% of Year Expenses = Column b divided by Column for actual current YTD divided by current full-year Revised Budget.
e	Current fiscal year Original Budget. Details can be found in PBCS as Final Budget and Manage My Budget as of Period in FDW.
f	Current fiscal year Revised budget. This can be found in Manage My Budget as of Period in FDW.
g	Actual data for current YTD – This Column is the same as column b.
h	Forecast for the remainder of the F.Y. includes the amount you feel is necessary, so the Revised Projection is what you expect.
i	Current Year Projection which is the sum of Column g and h.
j	Change from Revised Budget = Column i minus Column f or Current Year Projection minus Revised Budget.
k	Column j divided by Column f or the Change of Revised Projection to Revised Budget over Revised Budget. Material variances must be explained and identified. Material variances are defined as Revenues: under by 5% and \$5,000 less, Expenses: overspending by 5% and \$5,000 more, when comparing fiscal year Revised Projection to fiscal year Revised Budget).

SAMPLE TEMPLATE: CURRENT YEAR PLAN DEPARTMENT ROSTER REPORT

After the campus training sessions on SF_PBCS Current Year Projection (CYP), Business Managers will have the opportunity to manage their department positions. Data management is similar to workforce planning in planning budgetary solutions (PBCS). The below functions are available and required for managing each position in CYP.

SAMPLE TEMPLATE: CERTIFICATION OF FINANCIAL ACTIONS

CERTIFICATION OF FINANCIAL ACTIONS

Fiscal Year _____

Date: _____

Period (check one)

Fall Review _____

Winter Review _____

Spring Review _____

Division/Cabinet: _____

Fiscal Officer: _____
(Print Name)

Please list any Division/Self Support/Trust Fund in your Cabinet that you anticipate will experience a fiscal year Revised Projection material variance compared to your fiscal year Revised Budget. (Attach a separate sheet if necessary).

Division/Self Support/Trust Fund	FY Revenue Variance Under 5% and \$5,000 less	FY Expense Variance Over 5% and \$5,000 more
<i>Ex: Division 1</i>		<i>18% over and \$68,000 more in Salaries –See attached for an explanation</i>
<i>Ex: Division 2</i>	<i>6% under and \$18,000 less in Revenue –See attached for explanation</i>	

Describe in a separate document the nature of the financial changes and assess the impact that the changes will have on your Cabinet's/Division's/Self Support's/Trust Fund's planned year-end financial position by including the following:

- (i) the reason for the occurrence
- (ii) the actions were taken by your Cabinet to resolve this particular occurrence
- (iii) the measures were taken by your Cabinet to prevent events such as this from occurring again
- (iv) Explanation of material variances (Defined as Revenue: under 5% and \$5,000 less, Expenses: overspending by 5% and \$5,000 more when comparing fiscal year Revised projection to fiscal year Revised Budget)

CERTIFICATION

Each cabinet's/division's fiscal officer is required to complete and sign the following certification form.

I certify the above information provided in Variance Report for the

Fall Review _____ Winter Review _____ Spring Review _____,

FY _____ is correct as of the date indicated below, and that

[Division/Cabinet]

has informed the Budget Office, at least at the campus financial review, of any significant actuals or projected variances from annual revenues or expenditures that were approved in the annual budget.

Name: _____

Title: _____

Signature: _____ Date: _____

Name: _____

Title: _____

Signature: _____ Date: _____

TECHNICAL AND FINANCIAL DATA INFORMATION

Revenue and expense accounts include all transactions that have been processed through the review period.

The review can include:

- a. Filled and vacant positions (salary base and FTE)
- b. Vendor payments and open encumbrances
- c. Receipts, hospitality, travel, and training
- d. Expenditure transfers/Journal entries
- e. Budget transfers and augmentations
- f. Recharges
- g. Expenditure Transfers: Expenditure transfers must be included when projecting expenses. If an expense is being transferred out, it is a reduction to the department's expenses. The department receiving the expenditure will show it as an increase in expenses. Coordinate with the appropriate department to ensure that all planned expenditure transfers are accounted for in both areas' projected expenses.
- h. Budget transfers: Validate that your area has received all the agreed allocations and funded one-time approved programs/projects.

PROJECTION:

The financial review provides the opportunity to look at what funds are remaining to cover expenses for the remaining fiscal year when you project the expected costs for the rest of the fiscal year that must be covered within the budget available.

The following is a sample of items/topics to keep in mind when projecting the remaining year expenses:

- Any salary action from the review period until year-end and not receiving a budget allocation should be included.
- Are you expecting to purchase equipment for the rest of the year?
- Have you reconciled all the open commitments against your contractual agreements and close the ones that are already paid off?
- Will budget transfers take place to either increase or decrease your funds?
- Is there an annual one-time expense that has not occurred yet?
- How many vacant positions do you have and the estimated hire date?

- Historical information is always helpful. Look at your June 30 data from the prior year to see what actuals by account code were and your available budget balance.

CAPITAL PROJECT REVIEW

CAPITAL FRAMEWORK

The core function of the capital budget is to help control expenditures. The university sets spending limits by adopting the capital budget and through the authorization for individual capital projects. Like an annual operating budget, a multi-year capital budget requires difficult decisions and balancing scarce resources with unlimited demands. With proper planning, from the onset of a capital project idea/need, the university can prioritize and ensure capital needs are adequately met while managing limited resources. The nature and importance of individual projects, along with fiscal constraints, will dictate which ones will be accomplished in year one and which ones will be accomplished in years two, three, four, and beyond.

After completing the Capital Project Review Template, BAO will incorporate the report and analysis into the comprehensive financial review report (as detailed in the Financial Review Process section) for the CFO and President's review.

SCOPE:

The capital project review will occur quarterly. The quarterly review will include key performance indicators such as project information, scheduling, budget, actual expenditures, open commitments, forecast, funding source, and budget variance analysis for the current fiscal year.

REQUIRED CAPITAL PROJECT ELEMENTS:

The Capital Project Review Report gives you:

1. Project Information: Each project has its unique Project ID set up in Common Financial System (CFS). Project Name that contains the building name and project title. Project Manager who is responsible and managing the project. Project schedule that is the tentative start date and end date. Project status provides the project's current phase—funding sources such as financed funding, State Appropriation, Reserve, etc.
2. Budget: The current fiscal year budget includes the forward carry funding from the prior year, current fiscal year approved new funding and amendment of the budget during the fiscal year. The budget balance is a quick snapshot that shows the project is under or over budget.
3. Expenditures: YTD expenditures and open commitments for each project. The forecast for the project costs through the end of the current fiscal year.

REPORTING REQUIREMENTS:

- Review and update the information for Project Manager, Completion Date, and Project Status.
- Review the Spent YTD and Open Commitment columns. The source data is FDW as of the accounting period close.
- Provide the forecast for the project costs through the end of the current fiscal year. If the project is over the budget, explain and prepare the amended project charter for the additional funding request.

Capital Project Review Report Column Definitions:

Col- umn	Description
a	Carry Forward funding from the prior year.
b	The current fiscal year (CFY) approved new funding.
c	CFY amended funding for the project.
d	CFY Budget = Carry forward (column a) + CFY New funding (column b) + CFY Amendment (column c).
e	Actual data for current YTD as of the accounting period close.
f	Open encumbrance as of the accounting period close.
g	Forecast for the project costs through the end of the current fiscal year. (i.e., If December month is closed, forecast from January to June)
h	Budget Balance = CFY Budget (column d) - YTD actuals (column e) - Open commitments (column f) - Forecast (column g).

APPENDIX A

FINANCE DATA WAREHOUSE (FDW.) GUIDANCE FOR FINANCIAL REVIEW

The Financial Reporting Dashboard Reports

The Financial Reporting dashboard is designed for managing budgets. This dashboard allows the user to filter reports based on selected fund and account attributes and campus unique trees for department, fund, account, and project tree levels.

Financial Reporting Dashboard Reports for S.F. State Financial Reviews

There are nine Financial Dashboard Reports. For this financial review, we would like to introduce two Dashboard Reports listed below.

Page/Report Name	Page / Report Description
Manage My Budget as of Period	This page is designed to produce budget reports, actuals, encumbrances, pre-encumbrances, and available balance data based on a limited number of filters, including fund, department, account, project, program, and class Chartfields and the departmental hierarchy. Manage My Budget page defaults to account type 50 (Revenue) and account type 60 (Expense).
Financial Summary by Year	Based on the year and accounting period indicated in the filter, this page is designed to produce reports of budget or actuals based on a vast number of filters, including the Chartfields, state, and CSU attributes, trees, and PeopleSoft Chartfield attributes. These reports can be limited to any account type or all-inclusive for assets, liabilities, equity, revenue, and expense.

On the Home Page: Select Business Unit: SFCMP, Select primary budget ledger: Standard Budget, select original budget scenario INITL_BUD, and click 'Apply.'

	Health Center	454 - TF-Facility Maintenance & Repair	453 - TF-Facility Capital Improvements	223 - DCF-Auxiliary Facilities (Used for Health Facilities)	454 - TF-Facility Maintenance & Repair	453 - TF-Facility Capital Improvements
	Student Union	535 - TF-Campus Union Maintenance & Repair (TU503 => Student Union, TU507 => Student Rec.)	536 - TF-Campus Union Capital Improvements (TU502 => Student Union, TU506 => Student Rec.)	224 - DCF-Campus Unions (DCxxx => set up per project)	535 - TF-Campus Union Maintenance & Repair (TU501 => Student Union, TU505 => Student Rec.)	536 - TF-Campus Union Capital Improvements (TU500 => Student Union, TU504 => Student Rec.)
	Extended Education	443 - TF-Extended Education Maintenance & Repair (TC801)	442 - TF-Extended Education Capital Improvements (TC800)	229 - DCF-Extended Education	443 - TF-Extended Education Maintenance & Repair (TC803)	442 - TF-Extended Education Capital Improvements (TC802)

¹ 1- Not used. 2 - Use only when the Auxiliary is benefiting from the project. Auxiliary donations should be recorded to the enterprise fund benefitting from the donation or non-enterprise projects are to be recorded to CSU fund 550. 3- Permanent transfer of funds should use Transfer in/out accounts while loans are to use Due to/from accounts. 4- The default net asset category (NAC) of CSU fund 550 is 834 Restricted Expendable-Capital Projects. However, the Enterprise Funds default NAC is 881 Unrestricted and therefore a GAAP override for the restricted portion is required to NAC 834 Restricted Expendable-Capital Projects. 5- Mandatory IRA fee must be approved for this specific purpose. Revenues other than then mandatory IRA fee recorded in this CSU fund are not subject to this restriction.
